

DESCRIPTION

The 4" LED surface mount disc light is a low profile installation solution designed to fit the tightest of spaces. Driver-On-Board technology allows this fixture to fasten to most 3" or 4" round, octagon, square, or shallow pan boxes, eliminating the need for recessed housing. Simply remove the twist lock diffuser and set your included captive screws. Dims with industry standard TRIAC/ELV dimmers. Suitable for dry, damp, or wet locations.

ADDITIONAL INFORMATION

Compatibility: installs into standard J-box applications
