

DESCRIPTION

16" ultra-slim LED surface mount downlight, featuring edge-lit technology to produce a smooth, uniform, and reduced-glare lighting effect. An affordable alternative to air-seal IC recessed housings or fire-rated boxes. Driver-On-Board technology eliminates the demand of a traditional LED driver and still dims with industry standard TRIAC/ELV dimmers. Suitable for dry, damp, or wet locations.

ADDITIONAL INFORMATION

Compatibility: installs into standard J-box applications
